

Linda Mason 4 San Bruno City Council

My name is Linda Mason and I would be honored to serve you on the San Bruno City Council. We have over 150 acres of land in San Bruno whose future will be decided in the next three (3) years. Between the Bayhill "YouTube" specific plan (92 acres including the Bayhill Shopping Center); the Crestmoor Fields (40 acres); and potential school property sales/leases (40 acres) the San Bruno of today will not be the San Bruno of tomorrow. The question we need to answer as a community is: What does the San Bruno of tomorrow look like?

As an attorney in public law I work daily to ensure transparency in government, negotiate thoughtful development agreements that prioritize the existing community first, and advocate to maximize community benefits. Outside of work I am a Planning Commissioner, mother of two (2) young boys and, if elected, would be the only City Councilmember whose children attend our San Bruno K-8 public schools. My family is "all in" when it comes to San Bruno. We have planted seeds here and have invested what we value most into the San Bruno Community: Our Children.

I humbly request one (1) of your two (2) votes this election season.
